ASPEN HIGHLANDS HOLDINGS, LLC

**** CONDITIONS ****

The Planning Commission (4-0-2/rt/mb vote) and staff recommend APPROVAL, subject to conditions.

Planning and Development

1. Approval of and conformance to the conditions for Rezoning Variance (VAR-34308), Special Use Permit (SUP-34309) and Site Development Plan Review (SDR-34306), if approved.
2. This approval shall be void two years from the date of final approval, unless a certificate of occupancy has been issued or upon approval of a final inspection. An Extension of Time may be filed for consideration by the City of Las Vegas.

Public Works

3. Meet with the Fire Protection Engineering Section of the Department of Fire Services prior to submittal of any construction plans, the issuance of any permits or the recordation of a map for this site. The termination of the public street shall meet the approval of the Department of Fire Services.
4. Submit a plan for the termination of Cincinnati Avenue acceptable to the City Engineer. Such plan shall address curb, gutter, sidewalk, and radius requirements.
5. Site development to comply with all applicable conditions of approval for Site Development Plan Review SDR-34306 and all other applicable site-related actions.

**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Waiver to allow Cincinnati Street to not be terminated in a cul-de-sac, as required by Title 18.12.030. The street currently exists as a dead-end street east of Las Vegas Boulevard, and provides access to the subject site and the site to the north via driveways located at the end of the street. This request will allow the street to continue to exist in its current configuration, and will not negatively impact any adjacent properties. If denied, the requirement for a cul-de-sac would greatly impact the development of the subject site, as well as any future redevelopment of the adjacent site to the north due to the additional right-of-way required to construct the cul-de-sac. Staff is recommending approval of this request as the street has, and will continue to have, limited traffic, as it serves only to provide access to the two adjacent properties.

<i>Pre-Application Meeting</i>	
04/16/09	<p>A pre-application meeting was held to discuss the necessary applications for the proposed project, including a Site Development Plan Review, a Variance for signage, Special Use Permits for excessive height within the Airport Overlay District and for a Liquor Establishment, Tavern, and a Waiver to Title 18 street standards. Also discussed were the following issues:</p> <ul style="list-style-type: none"> • Remapping of the subject parcels into a single parcel is required. • The project is deemed to be a Project of Regional Significance (PRS) as it pertains to the Special Use Permits because it is located within 500 feet of the boundary with Clark County. Traffic analysis, when available, may also affect this designation for the Site Development Plan Review. • Minor changes required to bring the streetscapes into compliance with the Downtown Centennial Plan. • Approval of the required Waiver of distance separation for the Liquor Establishment, Tavern, is dependent upon the passage of Text Amendment (TXT-32865). • Parking to be calculated as a Shopping Center only for those portions of the site meeting the definition. The casino portion is to be calculated separately. • Pursuant to Title 19.06.140, no Off-Premise Signs are permitted within the Las Vegas Scenic Byway.

<i>Neighborhood Meeting</i>	
A neighborhood meeting was neither required nor held for this request.	

Field Check	
05/07/09	A field check was conducted by staff. The site has existing vacant commercial buildings that are in relatively good shape, with the exception of a roof sign is disrepair. Landscaping is in poor shape, with weeds in most planter areas.

ANALYSIS

Cincinnati Street, east of Las Vegas Boulevard, currently exists as a 100-foot long dead end street that serves as an access point for driveways to the subject site and the property to the north. A cul-de-sac, as required by Title 18, cannot be constructed in its entirety due to existing structures, and dedication of the additional right-of-way necessary for a cul-de-sac would negatively impact the development of the subject site, as well as the future redevelopment of the property to the north. Emergency vehicles entering the street would still be able to enter the subject site and exit onto Sahara Avenue, without the need to turn around.

FINDINGS

Since the existing public right-of-way is currently used as a driveway that only serves the adjacent commercial uses, the City of Las Vegas Public Works Department has no objection to the Request for a Waiver of Title 18.12.130 to allow an existing public street to terminate in a dead end without a circular cul-de-sac. Staff is recommending approval of this request as Cincinnati Street will continue to exist in its current configuration, which is adequate to provide access to the affected parcels.
